Profile Summary

Passionate and results-driven Computer Science undergraduate with strong problem-solving skills and a solid academic background. Proficient in JavaScript, Node.js, React, and backend technologies like Express.js and Firebase. Experienced in building full-stack mobile and web applications focused on real-world impact. Eager to apply technical skills, creativity, and a growth mindset in a dynamic role, contributing meaningfully to innovative tech solutions while continuously learning and evolving.

Education

Vishnu Institute of Technology, Bhimavaram
Bachelor of Technology, Computer Science and Engineering
CGPA 9.0

Sri Chaitanya Junior College, Eluru
Intermediate (MPC Stream)
Percentage 93.9%

Ananya Educational Society, Dharmajigudem
Secondary School Education
Percentage 98.6%

Projects

MiniSpotify
- Built a Spotify-like web music player with Firebase authentication and Firestore database for playlists and liked songs.
- Implemented an interactive player with play/pause, next/previous, volume control, and responsive sidebar navigation.
- **Tech Stack:** HTML, CSS, JavaScript, Firebase Authentication, Firestore, Node.js, Express.js.

AgriTech
- Developed a smart agriculture web app enabling farmers to manage products, orders, and user authentication using Firebase.
- Implemented an admin dashboard with real-time order tracking, status management, and Firestore-based data storage.
- **Tech Stack:** HTML, CSS, JavaScript, React.js, Firebase Authentication, Firestore.

Meeting Scheduler & Reminders
- Built a web application to schedule meetings with calendar integration, user authentication, and real-time Gmail notifications.
- Implemented reminders with automated alerts, Firebase Firestore storage, and a responsive dashboard for event management.
- **Tech Stack:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB Atlas, Nodemailer.

Technical Skills

Programming Languages: Java, JavaScript, C, Python

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Database & Backend: Firebase, MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman

Others: REST APIs, JSON, Responsive Web Design, Flutter, React Native, UI & UX Design

Certifications & Hackathons

Completed NPTEL Certifications in Python and Programming in Java, demonstrating strong foundational skills in programming.

Earned a Full Stack Java Developer certificate from EduSkills and a Programming in Java certification from Infosys Springboard.

Participated in a 24-hour college-level hackathon, building a real-time solution focused on teamwork under strict time constraints.

Additional Information

Languages: Telugu (Native), English (Fluent)

Interests: Solving Data Structures & Algorithms (DSA) problems, Web Development, Open Source Contribution, Learning New Technologies

Strengths: Strong problem-solving mindset, Quick learner, Team collaboration, Adaptability in fast-paced environments
